Akshay Varma Penmatsa

Dallas, TX | akshaypenmatsa@gmail.com | 214-603-5396 | GitHub | LinkedIn | Portfolio

I am a software engineer with an undergraduate degree in computer engineering with a strong foundation in web technologies and a passion for innovation, growth, and learning, making me a perfect fit for the PayPal Software Engineer Intern role in Summer 2024.

WORK EXPERIENCE

FourKites Inc. Chennai, India
Software Engineer Dec. 2022 – Aug. 2023

- Developed features, unit tests, and conducted code reviews for the redesign version of the legacy application in React.js. Decreased the page loading time by 15% and user errors by 10% by leveraging code optimizations and implementing lazy loading techniques.
- Created, modified, tested, and documented reusable components with attention to detail in the organization's component library.
- Gained expertise in React.js optimization, complex state management, error reduction, efficient component library development, comprehensive testing, and code reviews, resulting in tangible improvements in performance, user experience, and code quality.

Skills – React, Redux, Ajax, TypeScript, Java, CSS, HTML/DOM, Unit Tests, Jest, Git, Docker, Application Testing, Agile, Scrum, Time Management, Teamwork

C Squad LLP Software Engineer Hyderabad, India Mar. 2022 – Nov. 2022

- Leveraged Next.js capabilities such as dynamic imports, lazy loading, and WebP images to optimize performance.
- Designed and iteratively built the quest page creatively, encompassing frontend and backend development using Go, along with protocol buffers integration. This resulted in a 20% increase in user engagement and a 10% rise in average session duration.
- Transforming my skill set, I adeptly gained expertise in Next.js, rapidly acquired new technologies, and seamlessly multitasked. This led to a 20% improvement in performance and a 15% increase in system responsiveness.

Skills – React, Next.js, JavaScript, Typescript, CSS, TailwindCSS, Go, Protocol Buffers, gRPC, Web Services, Git, Blockchain, Design Thinking, Problem Solving, Adaptability, API Design, Smart Contracts, Solidity

Elitptico IT Solutions Software Engineer

Hyderabad, India May 2021 – Mar. 2022

- Demonstrated expertise in creating features, and components and resolving front-end tickets in React promptly and effectively.
- Proficiently managed SQL queries, integrated REST APIs, and optimized data retrieval and storage processes, resulting in a 10% improvement in database performance and response times.
- Acquired expertise in React and SQL, while also honing my skills in complex problem-solving and debugging, which translated into a 20% reduction in application error rates.

Skills - React, JavaScript, HTML/DOM, Java, CSS, Agile, Git, SQL, Spring Boot, REST APIs

EDUCATION

The University of Texas at Dallas

Richardson, TX

M.S. in Business Analytics

May 2025

Coursework – Database Foundation, AWS Cloud solution architecture, Advanced Statistics for Data Science, OOP in Java, Machine Learning, User Experience Design

Manipal Institute of Technology, Manipal

Karnataka, India

B. Tech in Computer and Communication

June 2020

Coursework – Data Structures and algorithms, C++ Programming, Object Oriented Programming, Advanced Statistics for Data Science, OOP in Java, Machine Learning, Python Programming, Software Design, Parallel programming, Pattern recognition.

PROJECTS

Leetcode profile page with live user data | React | Express.js | JavaScript | CSS

May 2020
